

Funk Fiesta Productions

*We are an arts and entertainment production company based in Barcelona, and we are proud to present our fresh new party, **Funk Fiesta**.*

*Our events recreate the magical atmosphere of the 70s and 80s, from the warm and wild sounds of Studio 54-style **Funk**, **Funky Disco** and **Disco**, to 80s **Electronic Funk**, along with a sensual touch of **Italo-Disco**.*

*In order to stay true to the theme and ambience of the night, our **DJs** will exclusively spin **original vinyl from the era**, in order to re-live the sounds of those hedonistic parties.*

*As well as offering a unique musical experience, we firmly believe that, in the age of social media, people increasingly want to be the protagonists of the party, and not just passive partygoers. This is why we encourage people to come to our events in **Funky & Sexy fancy dress**, to fully submerge themselves in the experience and **be protagonists of the party**. We also supply accessories such as **wigs** and **coloured glasses** at the entrance.*

*Throughout the night we will take **photos and videos** of people in fancy dress that will be **published** on our Facebook page, Instagram, Twitter so that they can share them with their friends. The **best costumes** will win **free entry** to the next party. We also have a small group of **party hosts** who will help to get the party going, and set the visual tone with their **costumes**.*

*We are willing to consider any kind of **special request** and/or **personalise the party** in order to fit in with a specific space or club.*
